

Regeneplex

ESSENTIAL SKIN NUTRIENTS

Go More Than Skin-Deep

Regeneplex combines targeted ingredients to support skin elasticity, radiance, and the appearance of fine lines. This formula also provides synergistic support of the body's natural tissue-healing process as it responds to skin aging.

Clinically Studied Skin Support

In a clinical study, people taking Regeneplex for nine months saw a decrease in the number of fine lines around the eyes and were happier with their skin in comparison to those not taking Regeneplex.

Works From the Inside Out

- Provides a supportive nutritional foundation for healthy skin
- Designed to target all three layers of skin
- Supports cellular regeneration*

Support Healthy Skin With Regeneplex

Regeneplex provides support for cellular rejuvenation using key ingredients such as:

- › Carotenoids to provide support against free radicals, skin reddening, and photo aging

- › Buckwheat to support cellular protection from free radicals and decreased capillary fragility

- › Zinc and vitamin C to support collagen creation and healthy connective tissue

- › B vitamins and coenzyme Q₁₀ to support the body's energy needs related to natural tissue-repair and regeneration functions

- › Tuna oil to support healthy skin, hair, and nails*
